e-mail : info@al-hazemcon.com

AL-HAZEM contracting

www.al-hazemcon.com

It's all how you get there!

AL-HAZEM contracting Have the pleasure to introduce their selves to their prospective clients in the following pages in order to describe who **AL-HAZEM contracting** are and what they can do for your organization.

AL-HAZEM Contracting

Since 2002

AL-HAZEM contracting

AL-HAZEM contracting is a respectable example of integrating the expertise of individuals and companies experience, after long cooperation, where optimization of synergy and know-how are the foundations of **AL-HAZEM**

contracting project and future development.

The highly competitive market along with the increasing demand for qualitative products and time schedule are the main challenges that have led to the

formation of **AL-HAZEM contracting** since our associate's common belief is that know-how and experience under a professional and international qualified Management structure that have no other alternative than to meet and satisfy any market and Customer expectations.

Increasingly customers are looking for suppliers with "one-stop solution" capability; also, the post-delivery operation and maintenance support requirements are wider in scope.

AL-HAZEM contracting experiences have been established on several years and different types of projects, such as:

[Cement Plant Factories, Wastewater treatment plant with Sludge Digestion Facilities, Steel plant Factories, Power plants, Petrochemical plants, Gas metering Stations industrial plants, Utilities, Painting works, Housing, Electrical and Instrumentations works, architectural works, etc.]

In **AL-HAZEM contracting**, Small orders have the same attention, care, and caution as large ones.

Let us challenge your utmost expectations, you will never regret it!

Hazem El Sayed
Chairman

AL-HAZEM Contracting

Since 2002

AL-HAZEM contracting

company activities and main objectives

❖ **Mechanical works:**

- Local support, labor, equipment for foreign companies.
- Erection of heavy and light equipment's
- Erection of (overhead cranes-boilers-compressors, tanks, fans, etc.)
- Piping fabrication and erection (stainless steel, carbon steel, PVC, tubes...)
- HVAC activity such as fabrication and erection of air ventilation ducts c/w supporting system accessories, insulation and cladding.
- Firefighting Systems.

❖ **Electrical Works:**

- Electric Cable trays & Conduits works.
- Cables Networks & Wiring for power and control systems.
- Earthing system calculations and execution.
- Indoor, Outdoor Lighting systems.
- Power supply distribution systems.
- Light current networks.
- Electrical & Control panels erection.
- Measurements & Instruments installation.
- Fire alarm, Telephone & Sound Systems erection.

❖ **Civil Works:**

- General Civil and Finishing items
- Concrete paving works. (Slab on Grade)
- Floor epoxy painting works
- Brick Wall & Plastering & Painting & Ceramics
- Concrete Basements (Plain and Reinforced)
- Utilities Works (Plumping)

❖ **Steel Structure Works**

- Steel structure fabrication and erection
- Erection of Corrugated steel and Decking.
- Tanks fabrication and erection (Silos, storage tanks, filters, .etc.)
- Sheet metal works (ducts, casing, cyclones.....etc.)
- Surface treatment (sandblasting and painting application)

❖ **Architectural Works**

- Aluminum Works (Windows & Doors & Partitions)
- Gypsum Boards Partitions
- False Ceiling
- Aluminum Composite Panels & Structural Glazing
- Stainless steel & steel Architectural works such as
 1. Cladding
 2. Handrails
 3. Special Fittings

AL-HAZEM Contracting

Since 2002

Quality Policy

The policy of **AL-HAZEM contracting** is to consistently provide products and services of the highest possible standards, conforming to contractual job specifications.

We are committed to

- 1- Ensure that the quality objectives are achieved.
- 2- Provide products and services, which meet as well as exceed our customers' needs and expectations.
- 3- Deliver on time.

To meet our above commitment. We shall ensure

- 1- The quality policy is well communicated and clearly understood by each and every Employee.
- 2- A team approach by the active involvement of all employees and customers.
- 3- Non-conformities in products or services are identified, investigated, analyzed, and resolved.
- 4- All safety requirements are followed

Mission

Our mission is to handle all Steel works, Electromechanical works, Civil works, and Architectural works that are related to large-scale projects performing value engineering with the highest quality.

Objectives

Doing everything correctly the 1st time, every time, and on time, with best quality according to the agreed specification with fairly competitive price to meet our clients' satisfaction.

Vision

To be one of the best companies in the field of Fabrication and Erection of steel structures and piping.

AL-HAZEM Contracting

Since 2002

AL-HAZEM contracting since the very beginning, the company has cooperated and provided services in many Fields and Projects such as:

- ***Cement Factories***
- ***Car Factories***
- ***Oil & Petroleum Factories***
- ***Industrial food & Medicine Factories***
- ***Detergents Factories***
- ***Packing Factories***
- ***Chemical Factories***
- ***Steel Factories***
- ***Electrical Substations***
- ***Steel & Stainless-steel Architectural works***

And here you can find a brief on each of the mentioned projects.

AL-HAZEM Contracting

Since 2002
